

Remarks

Claim 10 is being further amended in order to clarify amendments that were not made correctly as per the Examiner's Amendment that accompanied the Notice of Allowability mailed on October 2, 2007. The preamble of claim 10 has been amended to recite "a perturbation to an audio segment component", in order reflect the desired wording to correspond with the wording used in the rest of the claim. The step of calculating has been amended to recite "calculating a magnitude of each frequency component of the audio segment component" to reflect the original wording of the claim, which was unintentionally changed by the Examiner by way of the Examiner's Amendment, though not indicated through underlining and strike through.

It is respectfully submitted that these amendments concern merely formal matters, and further do not affect the scope of the claims. We look forward to receiving notification of the entry of this amendment under 37 C.F.R. 1.312, and a supplemental Notice of Allowability.

No fee is believed due for this submission. However, Applicant authorizes the Commissioner to debit any required fee from Deposit Account No. 501593, in the name of Borden Ladner Gervais LLP. The Commissioner is further authorized to debit any additional amount required, and to credit any overpayment to the above-noted deposit account.

Respectfully submitted,

DING, Heping
